MIPA FINANCIAL NETWORK PTY LTD

It is important that you read this Financial Services and Credit Guide (FSCG). It contains information that will help you decide whether to use any of the financial services offered by us, as described in this guide, including:

- who we are and how we can be contacted
- the advice and services we provide
- information about our licensee Charter Financial Planning Limited (Charter)
- our fees and how we, your adviser and Charter, are paid in connection with those services
- how we manage your private information
- how you can complain about a matter relating to us or Charter

## Documents you may receive

We will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. We may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When we provide personal advice it will normally be documented and provided to you in a Statement of Advice (SoA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products we may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits we and others will receive, as a result of the advice we have provided.

If we provide further personal advice a financial plan may not be required. We will keep a record of any further personal advice we provide you for seven years. You may request a copy of such records by contacting our office during that period.

If we recommend or arrange a financial product for you we will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

## Our fees

Our preferred method of payment is by an agreed fee. The actual fee charged to you will depend on the nature of the advice or service provided. We will discuss and agree the actual fees with you before proceeding. The following section outlines the types of fees that may apply.

The fees charged for our advice and services may be based on a combination of:

- A set dollar amount; or
- A percentage based fee.

Our agreed advice and service fees may include charges for:

- Initial advice; and
- Ongoing advice.

Please note that for services in relation to insurance, banking deposit products, some loan products and older investment products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions; and
- Ongoing commission - a percentage of the value of your investment balance, usually calculated at the end of each month in which you hold the investment.

### Payment methods

We offer you the following payment options for payment of our advice fees:

- BPAY, direct debit (savings), credit card or cheque; and
- Deduction from your investment.

All fees and commissions will be paid directly to Charter as the licensee. They retain an amount (a licensee fee) to cover their licensee costs and the balance is passed on to us. The amount is determined annually, based on a number of factors, including our business revenue and the number of advisers in the practice.

For details of our service fees, please refer to **Schedule of fees** on page 19.

## Other costs

Where other costs are incurred in the process of providing our advice and services to you, you will be liable for these costs. However, we will agree all additional costs with you prior to incurring them.

## Other benefits we may receive

The following is a list of benefits we may receive other than those explained above. These are not additional costs to you. These benefits may be monetary or things like training, events or incentives we are eligible for.

In addition to the payments we may receive for our advice and services, we may receive other support services. These can include financial and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation, and business performance.

We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

### Development, management and advice recognition

We may qualify to receive a DMA payment to recognise our growth and professionalism. The DMA is based on a rate, calculated once per year, and determined by our ranking relative to other Charter Financial Planning practices. Up to 50% of all Charter Financial Planning practices may qualify for DMA payments. The relevant rate may range from 0% to 3.25%, depending on our ranking. It is then applied to our practice revenue of the prior year and paid to us in two instalments a year.

For example, if our DMA is set at 1% and our revenue for the prior year was \$200,000, we would receive a total of \$2,000 for that year, paid over two instalments.

### **How our performance is ranked**

Ranking of practices is determined yearly by a points system which is a broad measure of the growth and professionalism of our practice as compared to other practices in the Charter Financial Planning network. The points system is based on a combination of factors within a balanced scorecard such as the quality of our services, compliance, our business goals and our engagement with our clients through a measure called Advice Growth Index (AGI). AGI measures the value of our fee for service revenue and the change in our clients' product holdings over the prior measurement period (usually a period of approximately 12 months).

### **Value participation scheme**

AMP will provide us a payment based on the total in force annual premiums on some AMP insurance products and funds under management in some AMP wealth management products. The amount paid is based on the following:

- A tiered rate of up to 3% is applied incrementally to total premiums on some AMP insurance products. For example, if a client takes out a qualifying AMP insurance policy with an annual premium of \$3,000, we may receive an annual payment of up to \$90 in respect of that policy, with the rate applied dependent on the total combined premiums from all qualifying AMP insurance products.
- A tiered rate of up to 0.25% is applied incrementally to the total funds under management in qualifying AMP wealth management products. For example, if an existing client with a qualifying AMP wealth product invests a further \$40,000 into that product, we may receive up to \$100 in respect of that specific investment, with the rate applied dependent on the total qualifying funds under management.

From 1 July 2014, all investments in AMP wealth management products by new clients have been excluded from the scheme.

### **Certified quality advice program**

On meeting eligibility criteria and gaining access into the program, we may be eligible for discounts on practice fees, as well as an increased purchase price under the buyout option. Eligibility is assessed on professional operations and processes, high quality advice standards and education.

### **Buyout option**

If we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter Financial Planning Limited. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

### **Personal and professional development**

Charter provides personal and professional development opportunities in the form of a multi-tiered development program, offered annually to qualifying practices.

### **Summit**

The Summit is a national convention available to advisers from all Charter practices. Charter subsidises the expenses of those who attend the convention up to a maximum value of \$1,200 per annum per practice.

### **Charter Leaders program**

Certain practices that meet the qualification criteria on an annual basis will be eligible to participate in the Charter Leaders program, a set of personal and professional development programs organised by Charter. The qualification criteria is based on a combination of factors including the quality of our services, our business goals and our ranking against other practices in Charter. If a practice qualifies for the Charter Leaders program, Charter will subsidise the cost of their participation up to a maximum value of \$10,000 per annum per practice.

**Business support**

We might receive financial assistance including subsidies or reimbursements for accounting, legal and bank fees; marketing or other once-off transitional support costs, to help us grow our business or implement appropriate succession planning options.

**Placement fees**

From time to time Charter will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of securities (such as shares and rights issues). The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Charter. We may share in this fee based on the level of participation by our clients.

## Schedule of fees

These prices should be used as a guide only. We will discuss your individual needs and agree our fees with you. The actual agreed fees will depend on factors such as the complexity of your circumstances and goals and the scope of the advice.

### Initial service fees

The initial fee covers the cost of researching relevant financial strategies and if required, products, and preparing and implementing your personal financial plan. If you proceed we will agree on the most appropriate plan below for you.

These are fees paid when you have agreed to receive our advice:

Initial service	Fee amount
Initial Advice	Ranges between \$330 and \$4,500 for a single strategy and between \$3,300 and \$12,500 for multiple or complex strategies.
Advice Implementation	Ranges between \$330 and \$2,400 for a single strategy and between \$1,200 and \$6,600 for multiple or complex strategies.

### Ongoing service fees

We provide ongoing services to help you stay on track to meet your goals. The cost of these services are as follows:

Ongoing service	Fee amount
Ongoing Advice	This fee may be charged as a set dollar amount or a percentage of your investments. Fees are based on up to 1.5% of your investment balance per annum and may be up to \$2,000 for single advice strategies and up to \$25,000 for multiple or complex strategies. An Administration component covers costs associated with work that may not be advice related and a Retainer fee covers maintenance of our systems and facilities needed to provide service when required. Together, the Administration component and Retainer fee are valued at \$660 per annum. Ongoing Advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or fixed percentage each year. We will advise you if this fee will increase as a result of CPI.

## Commissions

I do not receive commissions on investments through new superannuation, managed funds or retirement products. However, some products, particularly older products, may attract commissions.

Any commission amounts will be disclosed to you when providing my advice. The following table is a guide of commissions I may receive.

Product type	Initial commission	Ongoing commission	Example
Insurance (including those held within superannuation)	Up to 130% of the first year's premium.	Up to 33% of the premium each following year.	If your insurance premium was \$1,000, we would receive up to \$1,300.00 initially and \$330.00 pa.

Loans	Up to 1.65% of the initial loan balance, of which AFG retains between 0-3% and passes the remaining 97-100% on to Charter. Charter then retains 0% and we will receive the remaining 100%.
